

PART 2

1. Briefly describe your overall impressions of the Summer Immersion program. (What specific activities/events of the Institute had the most impact on you? What was the most valuable experience (s)? What challenges or concerns were presented?)

Comments:

The labs were fantastic & I am already working to incorporate them into my classroom. I liked the combination of working w/ students & teachers & I generated a lot of professional networking through this program. I enjoyed working not only w/ Howard ~~Faculty~~ faculty - but also great UMD professors. I look forward to using the material I gained in class & continuing my relationship w/ Howard University. Dr. Ullah's enthusiasm was great & very infectious! Professor Caren Chang was clearly used to speaking to teens and finding ways to keep them continuously engaged.

2. In what ways (if any), do you think the Summer Immersion program could have been

PART 2

1. Briefly describe your overall impressions of the Summer Immersion program. (What specific activities/events of the Institute had the most impact on you? What was the most valuable experience (s)? What challenges or concerns were presented?)

Comments:

I believe that the lab experience that was afforded me was most valuable. Dr. Ullah was an excellent facilitator and I look forward to possibly working with him in the near future.
